Docket No. Z-03579/8109
Amdmt. Dated December 26, 2007
Reply to Notice of Appeal Recv'd by USPTO on Sept. 26, 2007
Customer No. 27752

AMENDMENTS TO THE CLAIMS

This listing of claims replaces all prior versions and listings of claims in the application:

Listing of Claims:

1. (Previously Presented) A wet shaving system comprising:
a blade member; and
a skin-engaging portion including a shaving aid composite comprising
a shaving aid matrix including a water-insoluble polymer and a shaving aid, and
a plurality of exfoliating elements comprising abrasive particles embedded in the
shaving aid matrix.
2. (Canceled)
3. (Previously Presented) The wet shaving system of claim 1, wherein the water-insoluble polymer is selected from the group consisting of polyethylene, polypropylene, polystyrene, butadiene-styrene copolymer, polyacetal, nylon, polycaprolactone, acrylonitrile-butadiene-styrene copolymer, polycarbonate, polyurethane, and ethylene vinyl acetate copolymer.
4. (Original) The wet shaving system of claim 1, wherein the shaving aid composite further comprises a colorant.
5. (Previously Presented) A wet shaving system comprising:
a blade member; and
a skin-engaging portion including a shaving aid composite comprising

Appl. No. 10/798,496
Docket No. Z-03579/8109
Amdmt. Dated December 26, 2007
Reply to Notice of Appeal Recv'd by USPTO on Sept. 26, 2007
Customer No. 27752

a first section comprising a first water-insoluble polymer and a plurality of exfoliating elements embedded in the first polymer, the exfoliating elements comprising abrasive particles; and

a second section comprising a second polymer,
wherein at least one of the first section or second section further comprises a shaving aid.

6. (Original) The wet shaving system of claim 1 or claim 5, wherein the exfoliating elements comprise a member selected from the group consisting of fruit seeds, fruit stones, nut shells, ground or fibrous plant material, polymers, and mineral composites.

7. (Previously Presented) The wet shaving system of claim 1 or claim 5, wherein the exfoliating elements comprise a member selected from the group consisting of ground coconut shell, ground apricot seeds, ground peach seeds, ground olive seeds, ground walnut shell, ground almond shell, ground pecan shell, ground luffa, corn cob granules, ground oatmeal, polymer beads or granular polymers, Jojoba wax beads, rice bran, silica, sand, pumice sand, clay, and combinations thereof.

8. (Canceled)

9. (Canceled)

10. (Canceled)

11. (Withdrawn) The wet shaving system of claim 9, wherein the chemical exfoliant comprises a beta-hydroxy acid.

12. (Canceled)

Appl. No. 10/798,496
Docket No. Z-03579/8109
Amdmt. Dated December 26, 2007
Reply to Notice of Appeal Recv'd by USPTO on Sept. 26, 2007
Customer No. 27752

13. (Original) The wet shaving system of claim 1 or claim 5, wherein the shaving aid comprises polyethylene oxide.

14. (Original) The wet shaving system of claim 1 or claim 5, wherein the shaving aid comprises a member selected from the group consisting of vitamin E, aloe, baby oil, avocado oil, grape seed oil, and sweet almond oil.

15. (Original) The wet shaving system of claim 1 or claim 5, wherein the exfoliating elements comprise a colorant.

16. (Original) The wet shaving system of claim 5, wherein at least one of the first polymer or the second polymer comprises a water-insoluble polymer.

17. (Withdrawn) The wet shaving system of claim 5, wherein the second section comprises a plurality of exfoliating elements embedded in the second polymer.

18. (Original) The wet shaving system of claim 5, wherein both the first section and the second section comprise a shaving aid.

19. (Original) The wet shaving system of claim 5, wherein the first section comprises a shaving aid.

20. (Original) The wet shaving system of claim 5, wherein the second section comprises a shaving aid.

21. (Currently Amended) The wet shaving system of claim 5, wherein ~~at least one of the first or second~~ the water-insoluble polymer[s] is selected from the group consisting of

Appl. No. 10/798,496
Docket No. Z-03579/8109
Amendment Dated December 26, 2007

Customer No. 27752

polyethylene, polypropylene, polystyrene, butadiene-styrene copolymer, polyacetal, acrylonitrile-butadiene-styrene copolymer, and ethylene vinyl acetate copolymer.

22. (Original) The wet shaving system of claim 5, wherein the first section is on top of the second section.

23. (Withdrawn) The set shaving system of claim 5, wherein the first section is laterally adjacent to the second section.

24. (Original) The wet shaving system of claim 5, wherein the first and second sections are different colors.

25. (Original) The wet shaving system of claim 5, wherein at least one of the first section or second section further comprises a colorant.

26. (Previously Presented) A shaving aid composite comprising:
a shaving aid matrix including
a water-insoluble polymer,
a shaving aid, and
a plurality of exfoliating elements comprising abrasive particles,
wherein the exfoliating elements are embedded in the shaving aid matrix.

27. (Canceled)

28. (Previously Presented) A shaving aid composite comprising:
a first section comprising a first polymer and a plurality of exfoliating elements embedded in the first polymer that is water-insoluble, the exfoliating elements comprising abrasive particles; and

Appl. No. 10/798,496
Docket No. Z-03579/8109
Amdmt. Dated December 26, 2007
Reply to Notice of Appeal Recv'd by USPTO on Sept. 26, 2007
Customer No. 27752

a second section comprising a second polymer,
wherein at least one of the first section or the second section further comprises a shaving
aid.

29. (Currently Amended) The shaving aid composite of claim 28, wherein ~~at least one of~~
~~the first polymer or the second polymer~~ comprises a water-insoluble polymer.

30. (Canceled)

31. (Previously Presented) The shaving aid composite of claim 26, wherein the shaving
aid and the exfoliating elements are disposed in a single layer.

32. (Previously Presented) The shaving aid composite of claim 26, wherein the shaving
aid is disposed in a first portion of the water-insoluble polymer, and wherein the exfoliating
elements are disposed in a second portion of the water-insoluble polymer.

33. ((Canceled)

34. (Canceled)

35. (Canceled)

36. (Canceled)

37. (Withdrawn) A shaving aid composite comprising:
a shaving aid matrix including
a polymer, and
microcapsules including a shaving aid embedded in the shaving aid matrix.

Appl. No. 10/798,496

Docket No. Z-03579/8109

Amdmt. Dated December 26, 2007

Reply to Notice of Appeal Recv'd by USPTO on Sept. 26, 2007

Customer No. 27752

38. (Withdrawn) The shaving aid composite of claim 37, wherein the polymer is water soluble.

39. (Withdrawn) The shaving aid composite of claim 37, wherein the polymer is polyethylene oxide.

40. (Withdrawn) The shaving aid composite of claim 37, wherein the polymer is a water insoluble polymer.

41. (Withdrawn) The shaving aid composite of claim 37, wherein the microcapsules have an average diameter between about 2 microns and about 100 microns.

42. (Withdrawn) The shaving aid composite of claim 37, wherein the microcapsules have an average diameter between about 50 microns and about 500 microns.

43. (Withdrawn) The shaving aid composite of claim 37, wherein the shaving aid is selected from the group consisting of water-soluble polymers, beard hair softener, oils, substances that enhance healing or stop bleeding, rinsing aids, non-volatile cooling agents, inclusion complexes of skin-soothing agents, vitamins, aloe, panthenol, antipruritic/counterirritants, antimicrobials/keratolytic materials, and astringents.

44. (Withdrawn) The shaving aid composite of claim 37, wherein the shaving composite comprises between about 5% and about 60% of the exfoliating elements by weight.

45. (Withdrawn) A wet shaving system comprising a blade member and a shaving aid composite of claim 37.

Customer No. 27752

46. (Withdrawn) A shaving aid composite comprising:
a shaving aid matrix including
a polymer, and
exfoliating elements comprising microcapsules including a shaving aid embedded
in the shaving aid matrix.
